"The miracle is this: the more we share the more we have."

~Leonard Nimoy~

Twitter can encourage and inspire you professionally.
It can connect you in ways that both shrink the world
and expand your teaching simultaneously.
Think of all the teachers and students around the state,
the country and the world who are living this
professional life just like you.
Connect the dots. Start a conversation. It's time to FLY!

Be a teacher and a tweecher!
