Dear Hamilton families,

Our district is using Securly to keep students safe on their school-issued devices. As part of our commitment to your child's safety, we're giving all of our school's parents access to the free Securly Home app.
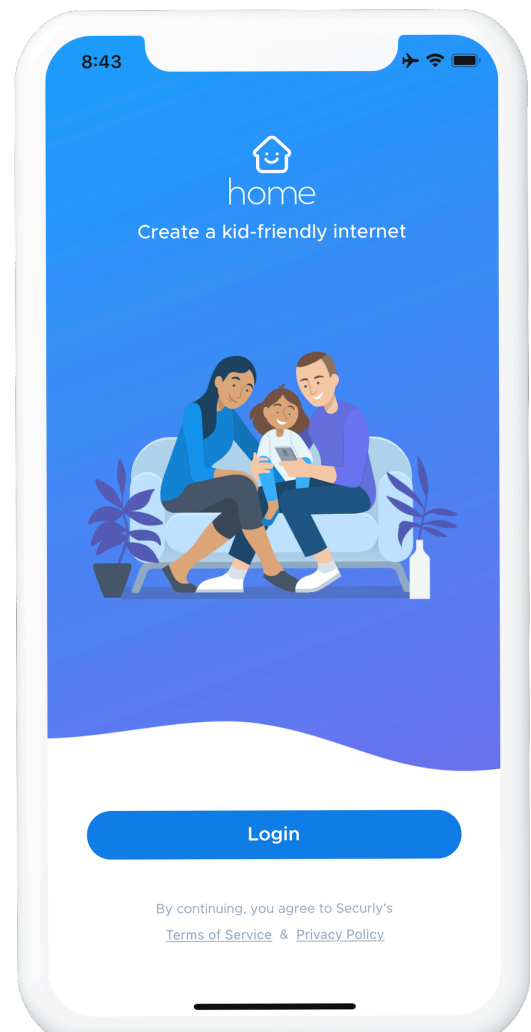

The Securly Home app will be available for Hamilton families beginning Monday, Nov. 15. You will receive a Securly Parent App email that day for account setup details.

To get started:

1: Download the Securly Home App

View your child's real-time activity feed, right from the palm of your hand.

With the **Securly Home app**, you'll have a real-time view of your child's activity on their school device. You'll also get weekly emails from Securly with a snapshot report of that week's activity.

< Parent login

Your registered email address

Get instant access

Use your password

2: Open the app and tap the Login button

Enter the email address you have registered with your child's school and tap the **"Get instant access"** button.

Check your email from your phone, click on the link, and that's it! Your account is ready to go.

3: Your home, your rules.

Create your own rules for when your child's school device comes home.

Get to know your Securly Home app

Navigate and explore different insights into your child's online activity
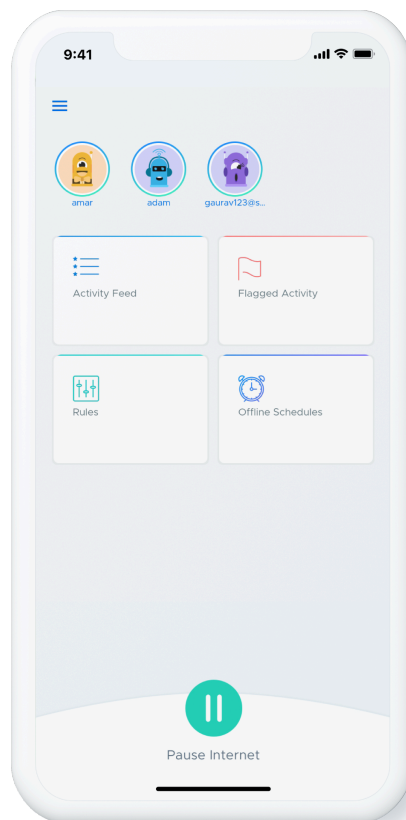

Stories

See the quick highlights of what your child has
been up to online, updated every 24 hours.

Activity feed

Get a real-time view of your
child's online activity.

Flagged activities

The Securly Home app will
notify you of any flagged
activities pointing to self-harm
or bullying related to your child.

Rules

Block specific categories such
as social media and gaming
on your child's school device
when it is at home.

Offline schedules

Set offline schedules for your
child's internet like dinner and
bedtime and Securly Home
does the rest.

Pause internet

Pause internet access on your child's school device
when it is at home with the touch of a button.

More Resources

It's important to note the Securly Home app has some categories that cannot be changed by parents.

Hamilton Community Schools will not permit student access to pornography, drugs, or gambling on any school-issued devices. However, parents can control categories like social media, games, and messaging. They also can block certain sites.

For a video overview of all the Securly features, follow this **link**.
